Tom Wieghard,

I wanted to send a quick note to express Kraft's appreciation for Loftin's efforts during the recent hurricane that crippled the Houston area.

Loftin responded timely and professionally to all emergency calls that were called in at a time of chaos throughout the region.

It is nice to know that we can count on Loftin not only in a crisis situation but also on a day to day basis.

Thanks again for your excellent service.

Sincerely,

Ed Johnson  
National Account Manager
